DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless -

- (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.
- (e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

- 2. Claims 7, 18, 20 and 21 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Togawa et al, US006338669B1, please refer to figures 5-7 and their descriptions. Note that the support can be considered arm 11, or the arm that is pivoted at 50.
- 3. Claims 8, 19, 20 and 22 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Mok, US005964413A. Note especially figures 1 and 2 and their descriptions. The rotating wheel is interpreted as the nozzle, as broadly claimed.

Application/Control Number: 10/828,427

Art Unit: 3723

Response to Arguments

4. Applicant's arguments, see pages 7 and 8 of applicant's arguments, filed 12 September 2005, with respect to the rejection under 35 USC 103 have been fully considered and are persuasive. The rejection of claims 7, 8, 18, 19 and 20-22 over Kimura in view of Mok has been withdrawn. Further, the rejection under 35 USC 112 has also been withdrawn.

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to M Rachuba whose telephone number is 571-272-4493. The examiner can normally be reached on Monday-Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Joseph Hail can be reached on 571-272-4485. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
